

Kent Police's new Neighbourhood Policing model launched in June 2023:

Each district in Kent will now have a community safety unit with three teams to tackle Problems within their areas.

These teams are:

Beat Officers

Key contact for wards

Supervisor – Sgt Richard Batten

Neighbourhood Task Force

Hotspot and complex problem solving

Supervisor – Sgt Kim Cameron

Child Centred Policing Team

Youth interventions

Supervisor – Sgt Katie Reed

Rural South Ward Area News:

Hello all, I have been out across my wards listening to residents’ concerns and answering their questions. Issues of parking problems have been highlighted and I have liaised with the relevant agency and updated with the locations. Recently, I along with the Neighbourhood Task Force PCSOs have conducted high visibility patrols in Tenterden following reports of a male approaching females and asking personal questions which has caused concerns. In relation to this we conducted research on our call system and found that there were calls of a similar nature in other areas with the same description given of the male. We identified the male and police intervention has been made. In the past week there was an incident of Affray in High Halden area where two persons were fighting in a residential street. A suspect left the scene in an unknown vehicle. I assisted the Local Policing Team in attending the call. With limited information regarding the vehicle, we dug deeper and were able to identify it. As a result, the offender was located and arrested the same evening.

We have seen a rise in theft of motor vehicle offences in the county.

Here are some tips I hope you will find useful in reducing the chances of a vehicle being stolen.

- *Leave your vehicle locked, I know it sounds obvious, but I am aware that a significant number of motor vehicles were broken into via an unlocked car
- *Leave your vehicle car in a well-lit area this may deter thieves.
- *Leave your vehicle empty and have nothing on display.
